## 2018-2019 Emergency/Alternate Bus Routes

In the event that the county roads are embargoed to buses, or if conditions make it impossible to travel the gravel roads, emergency or alternate bus routes will be used. Those living on hard surfaced roads will be picked up, and buses will stop at designated spots along the route. Buses will be at the designated pick-up and drop off spots as scheduled. Drivers will pick up the students that are there, and then proceed to the next pick-up location. In the afternoon, drivers will be at the designated drop off locations, and wait 1 minute. If there is nobody there to pick the students they will be returned to school and the parents may pick them up at school.

**NOTE: parents may choose to use any bus or utilize any designated pick-up or drop off location. It is imperative that parents send a note to the school if the bus children are to ride is different than their regular bus.**
